The Magic of Simultaneous Contrast

By *jozmak*

Created 16/03/2007 - 2:18am

Submitted by jozmak on Friday 16th of March 2007 02:18:44 AM Filed under [Howtos](#) [1]

The purpose of this article is to introduce the reader to the idea of simultaneous contrast and to the amazing effects of color interactions. Color is the single most important tool that artists and designers used throughout the ages to beautify their environment. But to use color effectively one has to understand its basic functions, its psychological and visual impacts on the environment.
