Part 2 of a 5 part series.

At the beginning of our journey, I'd like to reassure you. While OpenOffice.org is different in many ways ? in look, function and philosophy ? it will also be very familiar to you in other ways. In fact, if you download [quick reference cards](#) [2] for OpenOffice.org Writer and Microsoft Word, you may be surprised at the similarities.

Let's start our journey by exploring some of the features that are common to other word processors.
