Just thought I'd throw this out there. I registered to reply to a comment, and since I've got my own blog...

Anyway, you can check here for my adventures in Slax Linux, as well as whatever else I pick up along the way. I've got great plans for some of the old computers I have lying around, and I'll update as I learn things. I've got things to say, but I don't have so much time to say them... Oh well, that's life when you're in spinlock.
