This may sound like a pro-Ubuntu campaign. But I have no intentions to lure people into the charm this world has to offer. Please do not take this as a disclaimer, but as a prelude to this post.

Ever since I was in love with my PC again, I thought Ubuntu was just about a virus free comp and ultra cool graphics. Being with it for nearly a month now, the eye-candy has become the usual thing, and there is no excitement of fighting against viruses! Ah! So much I miss you - Microsoft 🥰 .
