Linux Mint 12 is the latest edition of the popular Linux distribution. Not to be confused with Linux Mint Debian Edition (LMDE), the version of Linux Mint that is based on Debian, Linux Mint 12 is based on Ubuntu Desktop. This release, code-named Lisa, comes with more desktop options than you would normally find on a Ubuntu-based distribution. That of course has much to do with the distribution's developers attempt to find a compromise desktop for the mess that has become the GNOME line of desktop environments.
